Measures to Improve Transparency in the Gas Market – Proposed legal package to give effect to Decision Regulation Impact Statement Consultation paper

AGL Energy Limited (AGL) welcomes the opportunity to comment on the Measures to Improve Transparency in the Gas Market – Proposed legal package to give effect to Decision Regulation Impact Statement Consultation paper.

AGL is one of Australia's leading integrated energy companies and the largest ASX listed owner, operator and developer of renewable generation. Our diverse power generation portfolio includes base, peaking and intermediate generation plants spread across traditional thermal generation as well as renewable sources. AGL's gas assets include the Torrens Island and Barkers Inlet Power Stations in South Australia, the Kwinana Swift plant in Western Australia, Somerton power station in Victoria, as well as gas storage in central Queensland and Newcastle, New South Wales. AGL are also assessing the potential for new gas-powered generation in Newcastle. AGL is also a significant retailer of energy and provides energy solutions to 4.1 million customers in New South Wales, Victoria, Queensland, Western Australia and South Australia.

Attachment B of this submission provides AGL's feedback on some of the proposed amendments and new rules proposed in the consultation paper.
